

## Hillsborough County Chapter Chatter – October 2022

In Hillsborough County, our October local SNA meeting was a meet and greet for the new officers as well as a line dancing session. We made a Tik Tok video first in our district office to send out to all of our members, just to give them a sample of what we would be doing together. We also let them know that we would be learning to line dance together and not to be shy if they didn't know how to do it, because we didn't either 😊

So, we pulled up different line dances in our ballroom and we proceeded to learn together. We had an AMAZING time!
